GENERAL LIST
OF
NURSERY STOCK

In submitting this list for your approval we want to say that there is nothing in the nursery line that we do not handle. It would be impossible for us to issue a catalog showing the many thousands of varieties of different kinds of nursery stock that we handle and we ask if there is anything in the line that you are interested in, we would be only to pleased for the opportunity of quoting you on same. We guarantee every item we sell, prices herein quoted include delivery, all charges prepaid to your home. There is no further cost.

SPECIAL NOTICE

BLAZE ROSE

This famous everblooming climber does not produce a continuous bloom until during the second spring after planting.

When it is necessary to dig this rose for shipment and replanting, it "sets it back" for a time and produces a continuous bloom the second spring.

In the fields where "Blaze" has not been disturbed, it has been in full bloom all this year.

-
- COUNTESS VANDAL—H. T.**—Long tapered bud reminds of the modern feminine fashion. Bronze and Gold emerge from a sheath of green sepals. Slowly the bud unfurls, the reverse of petals being copper gradually turning to Orange Carmine on gold base and the inside is a blend of cream salmon and flush pink overlaid with a cast of golden amber. Delicately perfumed. The sensation of 1932 and won many Foreign Prizes. One of our best sellers during 1933.
Price, No. 1 Plant.....\$1.50 Each
- MARY HART—(Red Talisman) H. T.**—A Garnet Red Talisman without yellow markings, an unprecedented feature in the many Talisman Sports, the color lasting for many days. As the bud begins to show color it is blood-red, gradually lightening to a sparkling velvety garnet. Plant upright, generous blooms.
Price, No. 1 Plant.....\$1.50 Each
- SOUVENIR—H. T.**—A Golden Talisman and the best of many yellow varieties of that now famous rose. The bud is yellow, showing deep gold in the center. The opening bloom is glistening buttercup yellow, little affected by sunshine or red. Blooms single on erect stems. Delicately perfumed.
Price, No. 1 Plant.....\$1.00 Each
- DOTTY—H. T.**—Another 1932 sensation. Coloring of the bud strongly reminds of the Rev. F. Page Roberts while the bronze tint remains in the open bloom. Strong and a rose of rare beauty.
Price, No. 1 Plant.....\$1.00 Each
- EDITH KRAUSE—H. T.**—At European Rose Shows of 1932 this rose has been unanimously crowned the most beautiful white rose to date. The large bud carried on the long stiff stem shows first a greenish hue which disappears as the first petals unfurl and the large open bloom is a shining pure white. The most beautiful white rose in our test gardens at this time.
Price, No. 1 Plant.....\$1.50 Each
- GOV. ALFRED E. SMITH—Pern. Hyb.**—A rose that should be in every garden. Large salmon and gold blooms rounded like a "Bomb" Peony.
Price, No. 1 Plant.....\$2.00 Each
- LOUISE KRAUSE—H. T.**—A glistening yellow with orange tint; large, full and fragrant. We consider it one of the best acquisitions of recent years. Long stems for cutting. Handsome strong foliage.
Price, No. 1 Plant.....\$2.00 Each
- MAX KRAUSE—H. T.**—Probably the most yellow rose of the year for outdoor use. A gold that stays gold. Long bud and cup formed bloom of great substance freely borne on a long stem. Unusually resistant to rose troubles.
Price, No. 1 Plant.....\$2.00 Each
- ROSLYN—H. T.**—Still one of the favorite yellow roses. A 1929 Prize Winner which has never lost its great popularity. Flower large and double, borne singly on long, strong stem. Bud orange yellow opening to full golden yellow with deep orange on back of petals. Extremely lasting, slightly perfumed.
Price, No. 1 Plant.....\$1.00 Each
- AMBASSADOR—H. T.**—Talisman type, bud large long pointed, flower large, very double, bronze salmon, fragrant, profuse bloomer.
Price, No. 1 Plant.....\$1.00 Each
- AUTUMN—H. Pern.**—The coloring of the closed bud is absolutely unique in Rosedom. Crown orange passing to chestnut—burnt sienna, as the Italian Titian would define it. The open bloom is orange, blended with shades of flesh pink and salmon. Buds are solitary on long strong stems. Continuous bloomer, fine cut flower.
Price, No. 1 Plant.....\$1.00 Each
- BARBARA RICHARDS—H. T.**—Flower large, full, well formed, very fragrant, corn yellow and buff, flushed pink. A very beautiful rose on a very healthy plant.
Price, No. 1 Plant.....\$2.00 Each
- DAILY MAIL SCENTED ROSE—H. T.**—Dark velvety crimson. Won the coveted Daily Mail prize for unusual perfume. November 1st delivery.
Price, No. 1 Plant.....\$1.50 Each

EDITOR McFARLAND—H. T.—Name implies quality; belongs to the Radiance group for vegetation. Long pointed, pink bud with a glow of amber and a paler edge. Good for cutting. November 1st delivery.

Price, No. 1 Plant.....\$1.50 Each

E. J. LUDDING—H. T.—A seedling of Chas. P. Kilham, but brilliant pink. Very robust grower, never out of bloom. Extremely hardy. Specially recommended for "hard to grow" territories.

Price, No. 1 Plant.....\$1.00 Each

LEONARD BARRON—H. T.—Nutmeg. Created from the Eskimo wild rose "Nutmeg." A hybrid tea in appearance but extremely hardy; mammoth blooms, often six inches across; very full, salmon with glow of amber; wild rose perfume. Always in bloom; 1932 Gold Medal in France. November 1st delivery.

Price, No. 1 Plant.....\$1.50 Each

MRS. SAM McGREDY—Pern. Hyb.—Large, fairly double bloom of orange-salmon with a suffusion of gold. Vigorous, healthy plant. One of the best of the new tribe. November 1st delivery.

Price, No. 1 Plant.....\$1.50 Each

SYRACUSE—H. T.—Large, very double, crimson-scarlet flowers on long stems. Plant upright and vigorous. Named for the City of Syracuse.

Price, No. 1 Plant.....\$1.25 Each

WILLIAM ORR—H. T.—A sensational crimson rose from England which was received with enthusiasm in 1930 and 1931 because of its perfect form and intense perfume. We think a great deal of it.

Price, No. 1 Plant.....\$1.25 Each

ESSENCE—H. T.—The biggest selling red rose we had during the Spring of 1933. Perfect form; "Double Etoile de Holland" would perfectly describe this master rose. Velvety crimson buds and large blooms cover the bush in continuous succession. The name bespeaks the delightful perfume of Attar of Roses. Very hardy.

Price, No. 1 Plant.....\$1.50 Each

EVERBLOOMING CLIMBERS

BLAZE—(Paul's Scarlet Everblooming Climber)—Plant Patent No. 10. The largest selling rose in the United States during the Spring of 1933. Medium-sized, semi-double, cupped flowers; very lasting, slightly fragrant, and a brilliant scarlet. This very vigorous climber will bloom continuously from early Spring to late Fall. (Note.—Do not be misled by lower prices on Blaze Rose; you may be disappointed. This rose must be purchased from reliable firms authorized to sell same by the patentee, our firm having been given this authority. We know of a number of cases where this rose has been sold for less than what we ask for same, but we ship the Blaze and Guarantee it to be an EVERBLOOMING PAUL'S SCARLET CLIMBER.

Price, No. 1 Plant.....\$2.00 Each

NEW DAWN—(Everblooming climber, sport of Dr. W. VanFleet.)—Plant Patent No. 1. Bud and flower of medium size, double, lasting, slightly fragrant, blush-pink; borne singly and several together on long stem. Grows from 15 to 20 feet high. Free bloomer all Summer.

Price, No. 1 Plant.....\$1.50 Each

NEW GOLDEN CLIMBER—(Mrs. Arthur Curtiss James)—Newest of all climbers. Plant Patent No. 28. The most interesting and unusual feature is that its extreme hardiness is combined with blooms of Hybrid Tea type and quality; long lasting and most always solitary on stems often 18 inches or longer. Able to withstand sub-zero temperatures. The plant stays "put" anywhere. Golden Climber does not make a short flash like most climbers, but its usefulness and beauty are long lasting. After the first burst of bloom some magnificent blooms can again be expected and "The Last Rose of Summer" may come from Golden Climber. We do not represent this to be an everblooming climber.

Price, No. 1 Plant.....\$2.00 Each
